SCATOLA DEL TEMPO REWARDS STEVEN SPIELBERG

Scatola del Tempo, a prestigious Italian company, creator of rotating watch holders, has recently rewarded the director Steven Spielberg, a great protagonist of world cinema, during the ARTribe in Los Angeles, for his enduring commitment aimed at those in need.

ARTribe, an organization of Los Angeles high school students, has committed itself to raising money for worthy causes through events featuring the work of talented high school artists.

Last year's event raised several tens of thousand dollars benefiting the SPIRAL Foundation, a non-profit humanitarian organization which works to improve living conditions and healthcare in the most impoverished areas of central Vietnam and eastern Nepal.

Therefore, ARTribe has been held again this year at the Santa Monica Art Studios, its second annual show to raise funds in favor of the SPIRAL Foundation, with a large participation from the public and from celebrities. Among the latter, Steven Spielberg stood out once again for his great availability and generosity.

and inexhaustible creativity and continues working on movies he considers personal, such as The Terminal or Munich, as well as works of great commercial success such as Jaws, E.T., the four Indiana Jones installments, The War of the Worlds to mention just a few.

Piaget Time Gallery in Geneva

Swiss watch manufacture Piaget invites visitors to a new showcase in Geneva. The exhibition displays in the most elegant way the brand's timeline starting from 1874 up to the present day. The "Piaget Time Gallery" has opened its doors in Geneva at 40, Rue du Rhone, directly above the Piaget boutique.

The exhibition sparkles imagination with the sophisticated interior, incorporating stone, aluminum, wood accents, and big-sized picture windows. The interior was created by prominent architect Gerard Barrau. The "Piaget Time Gallery" covers a space of 180 square meters.

The visitors of the exhibition have a unique chance to get acquainted with the rich heritage of Piaget, in a chronological order, with help of historical documents and a variety of objects related to the art of watch-making.
